

## Winter up-grades

A long a cold winter is ideal for spending time in the workshop. The team has yet again focused a number of performance enhancing up-grades. Below you can see some of the changes for 2011.

- New engine & spare engine up-dated
- Improved rear brakes
- Lighter transmission tunnel
- Lighter and smaller fuel tank
- Lowered under bonnet temperature

*The new engine block ready for machining.*

## Sponsors!

We are proud to announce that the following sponsors have decided that the return on their investments as sponsor has been positive and that they will continue to sponsor the team through 2011 season.

AH Performance Spares Ltd

Aggeryd

Borås Motor Corporation AB

Flatoutperformance – (previous ÅBR Motorsport)

Newletter 27– January 2011
